Introduction

- **RCS Impex Pvt. Ltd.** was established by our founder Mr. Bipin Bansal Singh in the year 1989, under the able guidance of Late Prof. R. C. Singh, a retired professor of Indian Institute of Technology, Delhi.

- The company is one of the oldest manufacturer of Upper Fuser Rollers (**UFRs**) in India.
- We have been exporting **UFRs** manufactured by us to countries like Singapore, Dubai, Malaysia, Bangladesh, Egypt, Australia, England and the list goes on...
- Teflon®/Non-Stick PTFE coating on **UFRs** being our Unique Selling Proposition, in addition to this the company has mastered various surface coating solutions for a number of Industries.
- Our customer base includes various OEMs and Corporate, with whom we have setup a strategic relationship and have developed not only a smooth 'recycling process', but also a good source of new components.

- RCS has a wide array of Industrial Coating solutions and a vast experience in handling complex components ranging from small screws to huge hoppers.
- We serve various industries including food processing, packaging, printing, Special Purpose Machine manufacturing, etc.
- FDA certified coatings for direct food contact also available.
